OR dial **OPERATOR,** and say, "I want to report a fire," or "I want a policeman."

IF you cannot stay at the telephone, tell the Operator the exact location where help is needed.

WARNING

Kentucky Law (CH. 235, Acts of 1962) makes it a punishable misdemeanor wilfully to refuse to yield the use of a telephone party line to another person to enable such other person to report a fire or summon police, medical or other aid in case of emergency. The law also makes it a punishable misdemeanor to request the use of a party line on the pretext that an emergency exists, when the person requesting such use knows that no emergency exists. An emergency is defined as "a situation in which property or human life is in jeopardy and the prompt summoning of aid is essential."

FROM THESE TELEPHONES	INFORMATION	REPAIR SERVICE
Carrollton Ghent Bedford Milton	Dial "Operator" and ask for information	Dial "Operator" and ask for Shelbyville WX 9000 (No Charge for for Such Calls)

Ringing Signal

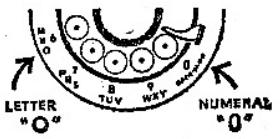
A soft "burr-r-ing" repeated at regular intervals means that the telephone you dialed is ringing. Give your party time to answer—about 10 rings—before you hang up.

The Busy Signal

A steady "buzz-buzz-buzz" sound means the line you called is in use. Hang up and call again later.

Letter "O"—Numeral "0"

Please be careful not to confuse the letter "O" with the numeral "0" when dialing.



Your Telephone Operator

Your Operator is always ready to help you with calls you cannot dial, in any difficulty you may encounter and IN EMERGENCIES. To reach her just dial "OPERATOR."

TO CALL ANOTHER PARTY ON YOUR LINE

If you wish to know the names of the other parties on your line, you may obtain this information from "Repair Service."

Dial as outlined below and hang up. Your bell will then start ringing. When it stops, pick up your receiver and talk. If your party does not answer, lift the receiver to stop the ringing.

CARROLLTON, GHENT, BEDFORD AND MILTON SUBSCRIBERS

Two-Party Subscribers

In Carrollton dial the code 6912, in Ghent the code 812, in Bedford the code 781 and in Milton the code 412. Then hang up.

Four-Party and Rural Subscribers

Dial "Operator" and ask for Shelbyville WX 9000 (No Charge for Such Calls). Give her your telephone number and the number you wish to call. When she gives you the code number, hang up. Dial the code number and hang up again.

In Bedford rural subscribers should dial the Listed Directory Number. When you hear the busy signal, hang up.

HOW TO USE DIRECT DISTANCE DIALING

CARROLLTON SUBSCRIBERS

The United States and Canada are divided into more than 100 telephone areas, each identified by a three-digit area code. (See map on page 3.) This system makes it possible for you to have Direct Distance Dialing. With DDD, you can dial your own station-to-station calls, when the number you are calling has either two letters and five numerals or seven numerals. For other types of calls and calls from coin telephones, dial "Operator."

If you know the *AREA CODE* and number . . .

1 ON CALLS INSIDE THE 502 AREA

DIAL 1 and then the TELEPHONE NUMBER. Do not dial AREA CODE 502.

2 ON CALLS OUTSIDE THE 502 AREA

DIAL 1 and then the appropriate AREA CODE and the TELEPHONE NUMBER.

3 GIVE THE OPERATOR YOUR NUMBER WHEN SHE ASKS FOR IT

Before the called telephone rings, an operator will ask "Your number, please?" Be sure to give her THE NUMBER FROM WHICH YOU ARE CALLING.

4 IF YOU REACH A WRONG NUMBER

—dial "Operator" immediately and tell her WHAT CITY AND TELEPHONE NUMBER YOU REACHED so you will not be billed for the call.

If you don't know the *AREA CODE* or number . . .

1 HOW TO GET THE AREA CODE

A partial list of places you can dial direct and their AREA CODES are shown on pages 3-7. If the place you want is not listed, dial "Operator" and ask her if it can be dialed.

2 HOW TO GET THE NUMBER

If you don't know the out-of-town number, you can dial the Information Operator serving many distant places (those starred on pages 3-7) without charge. Dial 1, then the AREA CODE (if it is different from the one for the telephone you are using), then 555-1212. When the Information Operator answers, first give her the city or town, then the name and address you are calling.

If the place you are calling is not starred, dial "Operator" and ask for information in the distant city.

3 DIAL THE CALL, FOLLOWING THE INSTRUCTIONS IN LEFT COLUMN OF THIS PAGE

HOW TO MAKE A LONG DISTANCE CALL
ALL OTHER SUBSCRIBERS

1 **Dial "Operator" and give her the area code (or city) and telephone number you are calling.**

2 **If you do not know the number, tell the Operator the name and address of the person you are calling. Tell her also whether it is a station or person call.**

For Faster Service On Long Distance Calls, Use Area Codes

The United States and Canada are diveded into more than 100 telephone areas, each identified by a three-digit area code. (See map on page 3). Use area codes to call from one telephone area to another, when the number you are calling has two letters and five numerals or seven numerals. It is not necessary to use area codes when calling another telephone within the same telephone area.

1 HOW TO GET THE AREA CODE

A partial list of places that can be reached by area codes is shown on pages 3-7. If you want the area code for a place not listed, the operator will be glad to provide it.

2 PLACING THE CALL

Give the operator the area code (if it is different from the one for the telephone you are using) then the telephone number. For example, say "Area code 311, KL 5-2368," or "Area code 311, 555-2368." If the operator needs to know the name of the place you are calling, she will ask you for it.

3 LEAVE AREA CODE, TOO

When you leave word for a call back from another telephone area, include your area code as part of your telephone number.

If You Need Assistance, Dial "Operator." She will be Glad to Help You.

AREA CODES FOR FASTER LONG DISTANCE CALLING

Even on calls you must place with the Long Distance Operator, the area code will help you get them through faster. Just give her the area code (if it is different from the one for the phone you are using) and the telephone number you want. For example, say "Area code 311, 552-2368." If the Operator needs to know the place name, she will ask you for it.

TYPES OF CALLS

STATION-TO-STATION

Call station-to-station if you will talk with anyone who answers. Rates are lower than person-to-person. Charging begins when the called telephone answers.

PERSON-TO-PERSON

Call person-to-person when you must talk to a particular person or extension telephone. Rates are higher than station-to-station. Charging starts when conversation begins.

CONFERENCE

You can talk with several people in different places at the same time. Tell the Long Distance Operator you wish to make a conference call.

COLLECT

You can make most calls "collect" if the person you are calling agrees to pay the charge. If you want to make a collect call, please be sure to tell the Operator when you give her the call.

MOBILE AND MARINE SERVICE

You can also make local and long distance calls to automobiles, trucks and boats equipped for mobile telephone service. Ask Long Distance for the Mobile Service Operator, or the Marine Operator.

OVERSEAS CALLS

You can call practically all the world's telephones from your telephone. Tell the Long Distance Operator you wish to place an overseas call and give her the name of the country you are calling.

Some typical weekday rates for a 3-minute call (excluding Federal Excise Tax)

ARGENTINA, AUSTRALIA, BRITISH ISLES, ITALY, PHILIPPINE IS.	$12.00	BERMUDA	$5.50
		PANAMA	6.00
		PUERTO RICO, VIRGIN IS.	5.50

Reduced rates apply on calls to many countries during certain night hours and on Sundays.

BELL SYSTEM CREDIT CARD

Makes out-of-town calling easier when you are away from your office or home. You can charge out-of-town calls, any time, anywhere, and have the charges appear on your business or residence telephone bill.

LONG DISTANCE RATES FROM CARROLLTON

These typical rates are for the first 3-minutes and DO NOT include the Federal Excise Tax. (Most rates are lower every night from 6 P.M. to 9 P.M. and all day Sunday, Thanksgiving, Christmas and New Year's Day. The lowest rates of all apply on station-to-station calls from 9 P.M. to 4:30 A.M.) Time at the calling point governs the application of these rates. For rates to other points, dial the Long Distance Operator.

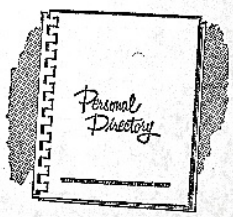
Personal Book of Telephone Numbers

For faster service this attractive Personal Book of Telephone Numbers provides a handy place for keeping your personal list of local and out-of-town numbers. The latest edition contains a list of area codes for over 700 cities. To get one free, just call, write or visit our Business Office.



HELPFUL INFORMATION

YOUR TELEPHONE NUMBER IS IMPORTANT

It's smart to make it easy for your customers to reach you. So why not include your telephone number on your stationery, statements and all advertising pieces? Show your area code, too—it helps distant parties call you faster.

A pamphlet explaining where and how to display area codes is yours for the asking—just call your Business Office.

TARIFFS

Tariffs which show rates, rules and regulations for telephone service and facilities, approved by the Regulatory Commission, are available in our Business Office for public inspection.

TRANSMITTING MESSAGES

Employees of the Telephone Company are forbidden to accept oral or written messages to be transmitted over the lines of the Telephone Company.

AUTOMATIC ANSWERING SET

Certain telephones are equipped with an automatic device, known as an Automatic Answering Set, which answers the telephone mechanically when no person is available. It then makes a recorded announcement.

If your call is answered by an Automatic Answering Set, listen carefully for the announcement which will be self-explanatory.

Some of these sets will also record a message from the caller.

WHEN YOU HEAR A "BEEP" TONE

If you hear a short "beep" tone on your telephone about every 15 seconds, it means that the person with whom you are talking is recording your conversation. This signal is provided by the Telephone Company for your protection. Use of a recorder without recorder-connector equipment containing a tone-warning device is contrary to the Company's tariffs and not permitted. If you do not want a record made of what you are saying, ask the person with whom you are talking to disconnect the recording machine. When he disconnects, you will no longer hear the "beep" tone.

ATTACHMENTS TO TELEPHONES

The Telephone Company furnishes all equipment necessary to provide telephone service. In the interest of safety and good service, no equipment, apparatus or device not furnished by the Telephone Company may be attached to, or used or connected with, its facilities, except as provided in the Company's tariffs.

TELEGRAMS

You may telephone telegrams, cablegrams or radiograms to the Western Union Telegraph Company—see the listings of that company in this directory—and have the charges appear on your telephone bill. You may also telephone your Western Union Telegrams from coin telephones, paying as you would for a telephone call.

TELEPHONE DIRECTORIES

DIRECTORY ACCURACY

Even though every effort is made to compile this directory accurately, errors sometimes occur. The Company assumes no liability for damage arising from errors or omissions in publishing this directory. Please report incorrect listings promptly, so that we may change our records and do whatever we can to protect your service in the meantime.

AVOID CALLING WRONG NUMBERS

Calling wrong numbers, resulting in inconvenience and loss of time, can be avoided if you consult the current directory before placing a call and dispose of obsolete directories.

ATTACHMENTS TO DIRECTORIES

No binder, holder, insert or auxiliary cover or attachment of any kind not furnished by the Telephone Company shall be attached to or used with the directories owned by the Telephone Company, except that this prohibition shall not apply to a subscriber—provided binder, holder, insert or auxiliary cover containing no advertising and not so attached as to impede reference to essential service information or otherwise interferes with service.

OUT-OF-TOWN DIRECTORIES

Directories of other cities may be obtained by our customers at a nominal charge. Call our Business Office . . .

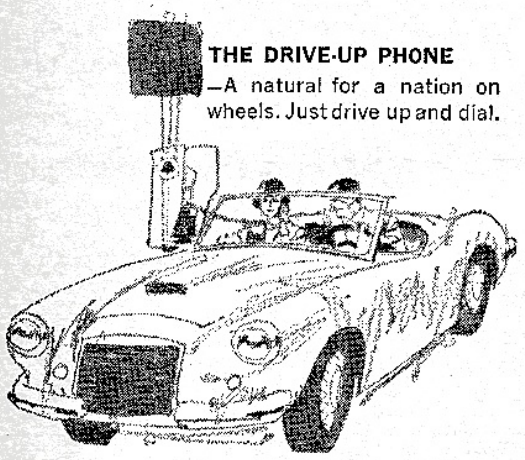
NEW PUBLIC PHONES

to serve you
in new ways
and places

THE CORNER SHELF
—Allows indoor locations where booths will not fit.

THE DRIVE-UP PHONE
—A natural for a nation on wheels. Just drive up and dial.



THE WALK-UP PHONE
—Saves time and steps for everybody. Handy as the corner mailbox.

THE AIRLIGHT BOOTH
—Telephone service on streets and highways wherever you go.

THE "LONG HUNTERS"

In 1769, James Knox led a party of about 40 men into Kentucky on a hunting expedition that lasted almost three years. So long were they gone that their friends back on the Holston in Virginia gave them up for dead; and when they returned in 1772, it was literally "as if from the grave". Members of this party became known as the "Long Hunters" from their long absence, and the term was later applied to others.

Knox and his men would have been a picturesque crew to our modern eyes as they filed through the wilderness in their shallow-crowned, wide-brimmed wool hats, heavy buckskin moccasins and leggings, and long hunting shirts of soft leather; and carrying hatchets, butcher-knife hunting knives, shot pouches, and above all, the long graceful rifles which they used with such deadly accuracy that the British called them the worst "widow-and-orphan makers" in the world.

Knox led his band through the Cumberland Gap and visited the valleys of the Kentucky, the Cumberland and the Green Rivers. Along with the Indian's way of dressing in the woods, they had developed much of his skill as woodsmen and hunters, and far surpassed him in marksmanship. They broke up into small groups for hunting, and built rude "skin-houses" to store their peltry until time to return home. One of these was discovered by Indians and destroyed, occasioning much distress to the hunter, Bledsoc, who wrote on a fallen poplar which had lost its bark:

"2300 Deerskins lost; Ruination by God."

TELEPHONE
AUTOMATIC ANSWERING
AND RECORDING SERVICE

(A Bell System Device Connected With Your Telephone)

- ANSWERS YOUR TELEPHONE when you're away—

Before going out you dictate into the answering device whatever message you would like it to give people who call while you're away.

- RECORDS MESSAGES LEFT BY CALLERS

Messages can be recorded for playback and handling when you return.

- COSTS LITTLE—

This full-time service costs less than most people would expect.

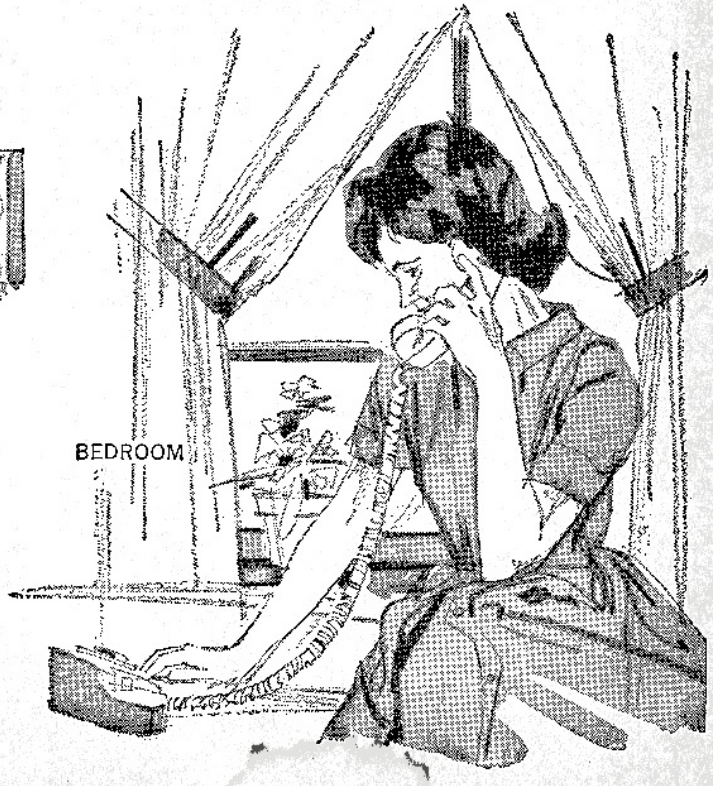
ADD A PHONE...

ADD A LOT TO LIVING

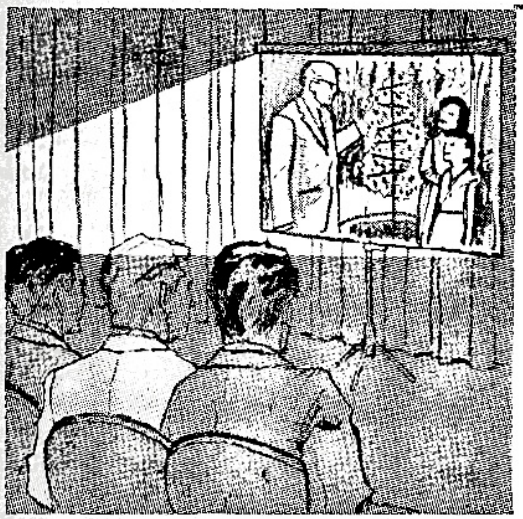
Add phones wherever you live a lot. You'll add a lot to living, and for little cost. Just call your Telephone Company Business office or ask any telephone serviceman.



PROGRAM AID SERVICE

TALKS AND DEMONSTRATIONS

Interesting, informative lecture-demonstrations are available to organized local groups through Southern Bell. These free programs are presented by trained speakers, using color slides, miniature models and other visual aids.



TELEPHONE MOTION PICTURES

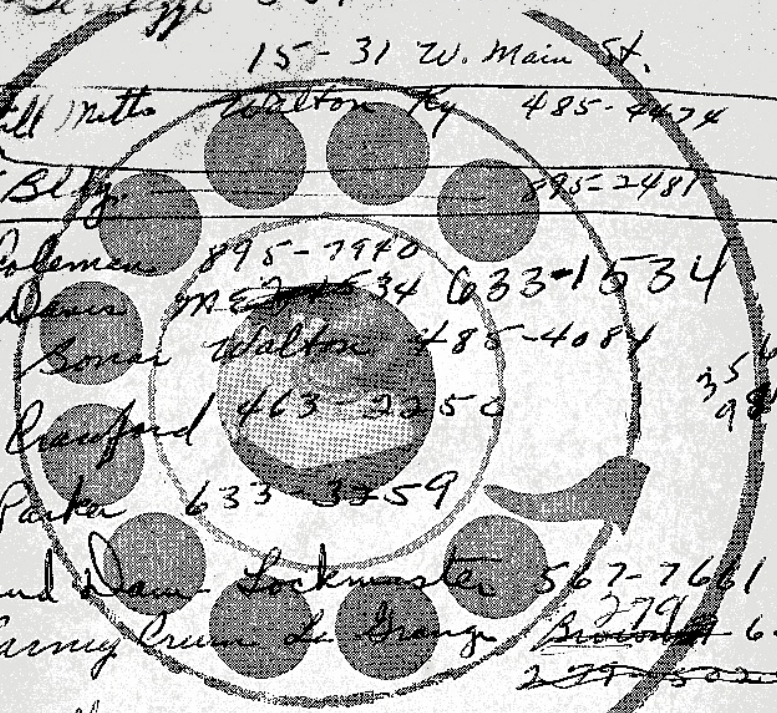
Educational and entertaining 16mm sound motion pictures—most of them in color—are available on loan, free of charge, through Southern Bell. These motion pictures come in different lengths, to fit almost any program, and cover a wide variety of subjects.

GUIDED TOURS

Here's an excellent opportunity for your group to get an enlightening, behind-the-scenes look at how modern telephone service is provided. Extremely interesting to clubs, scout troops, school classes and other organizations.

To Arrange for Lecture-Demonstrations • Films • Tours • Call the Business Office

A Telephone Company representative will be glad to assist in helping you to plan your program



millions can "dial the miles away"

Millions of people can now dial their own Long Distance calls, and millions more eventually will enjoy the speed and convenience of this new service.

Behind remarkable Direct Distance Dialing is a maze of intricate electronic devices that switch calls with lightning rapidity as they are dialed.

Within a few years every dial phone in the Bell System will be linked to the DDD network. It's another big step in our program to make telephoning ever more convenient.
